PROJECT DESCRIPTION: The Friant Power Authority and the Orange Cove Irrigation District propose to construct a new River Outlet Powerhouse below Friant dam to increase the generating capacity of the existing facility. The existing powerhouse is regulated under Federal Energy Regulatory Commission (FERC) License No. 11068. The new River Outlet powerhouse will be constructed approximately 60 feet downstream of the existing River Outlet powerhouse. The existing River outlet powerhouse will stay in service intermittently during construction and return to full service after construction. Construction is scheduled to begin in the summer of 2012.
